November/December 2004

## CARS ARE PREDATORS

The only predators the deer in our neighborhood have is our very own cars. They multiply exponentially as each doe has twins every year. So if you are feeding the deer just know that you are also feeding the skunks, raccoons and possums as well.

## Wurstfest - November 6th Sat - 5pm Moved to Blue Beach Cove

## Safety Tips for Runners and Walkers

As the weather cools down & it's getting darker earlier, more and more people are getting out to the streets to enjoy the beautiful Austin weather.

A couple of tips:

1. Exercise during daylight hours, if possible. If you must run at night, put reflective tape on your shoes and any dark jackets or shirts.
2. Whenever possible, walk or run with a partner rather than alone.
3. Have your defenses up when you go around curves or approach an intersection; a car that can't see you yet could be moving too quickly.
4. Carry identification and, if possible, a cell phone in case you need to make an emergency phone call.
5. Wear light colored clothing.
6. Carry a flashlight - as cars approach, turn the light on: it will bring attention to you.

Enjoy the weather & walk safely!

## A Message from the Architectural Chair

Neighbors, there has been some discussion about deed restrictions being enforced so I wanted to clarify a few things.

§ Before you file a complaint, please make sure what you are complaining about is a deed restriction. If you need another copy of the deed restrictions, call Pat Dreiling or Sheri Brummett.

§ Every complaint received by the committee is addressed by contacting the homeowner to let them know a neighbor has a complaint.

§ You may file a complaint either by mail (address is in the front of the neighborhood phone directory), or by filling out a form on our website. You may remain anonymous either way.

There are several homeowners who continue to leave their trash cans out on days other than a designated trash day. Please be respectful of your neighbors and pull them in when you arrive home after the trash has been picked up. Also, yard waste should not be put at the curb on Sat. or Sun. to sit until Wednesday's pick-up. Please put it inside your fence and move it on pick up day.

Those of you who have shrubs growing next to sidewalks may want to check to make sure the sidewalk is clear and your shrub isn't taking up all of the walking room. Those of us who walk would sure appreciate it.

Please make sure to keep your lawn mowed, neat, and watered. We want our neighborhood to look nice all summer long.

Anyone who would like to join the Architectural Committee, or become the new Chair next May, please contact [president@greathillsreserve.com](mailto:president@greathillsreserve.com).
